

Nome: **Ecossistemas aquáticos: ecologia e dinâmica**

Código: IF1109

Créditos: 3

Carga horária: 60 horas

Ementa

Descrição da estrutura e do funcionamento dos principais compartimentos dos ecossistemas aquáticos, com ênfase nos aspectos ecológicos, fluxos de matéria e de energia. A biota aquática e suas interações bem como o relacionamento com os parâmetros abióticos.
